Postsecondary Planning Timeline for Students

10th Grade

Third Quarter

Action Steps

- Review mid-year grades as this is your exact halfway point in high school. Reflect on your academic standing and set goals for the remainder of high school.
- Review your GradTrack Report, found in your student portal, and use the report to inform your decisions in choosing your courses for junior year and meeting your graduation requirements.
- Plan your 11th grade schedule with future academic goals and requirements in mind. This is an opportunity to demonstrate and reinforce rigorous coursework including dual enrollment and AP courses. Be sure to include courses based on rigor, interests and State University requirements (including the required two years of a foreign language).
- Prepare for any AP/IB/AICE exams you may have by attending school site tutoring, workshops and/or visit AP Central for access to AP videos and other resources.
- Stay committed to involvement in school and/or community projects.
- Complete the PrinciplesYou Career Assessment to discover career options that will enhance and focus your postsecondary research.
